## The Christian Family: God's Design, Our Service

**Course Description:** This is a nine week Bible study. We will examine marriage and the family from its institution in the Garden of Eden down to the present time. We will study God's plan for marriage and the family and contrast that plan with a marriage and family that does not include Christ. God's plan will lead to oneness. The world's plan will lead to isolation and loneliness. Practical suggestions will be discussed regarding ways to keep the family centered on Christ.
